

ROBERTO MORTERA

Lic. en Animación y Arte Digital | Front End Developer

Querétaro, México 
robmrtra@gmail.com 
+52 442 2309928 

OBJECTIVE

Work effectively, responsibly and committedly on projects in the area of personal interest.

With my knowledge acquired through my experience, both technical and strategic, I am committed to supporting and improving the development of the company in the required area.

PROFILE

Talent to work in small and large teams, as well as leadership, good organization and responsibility. I easily adapt to different work environments and I am someone who carefully analyzes the instructions given to provide a better result in the project in which I am required. Maintain constant communication with supervisors and team leaders to attend to and keep in order the requirements requested by the client. I am always willing to learn from others as well as offer my help and share my knowledge. Open to new experiences and opportunities.

EMPLOYMENT HISTORY

Boxel Studios, Tijuana, Baja California Norte, México - MAY 2023 - NOVEMBER 2023

I worked remotely as a freelance 3D character animator on "Me & Mickey" and "Me & Winnie The Pooh", from the Disney Junior Channel. I developed in the animation area, providing support and attending to the notes received from the client to resolve technical and artistic details. Daily progress report and frequent contact with supervisors and team leader to establish the order requested by the client in the United States.

Exodo Animation Studios, Guadalajara, México - JULY 2023 - OCTOBER 2023

I worked remotely as a 3D character animator on the Christmas commercial for the Plaza del Sol store and the cinematic Dark, being in constant contact with the supervisor of the two projects to receive and attend to the technical requests required by the clients from Mexico and the United States.

Mighty Animation, Guadalajara, Jalisco, México - APRIL 2021 - NOVEMBER 2022

I worked remotely as a 3D character animator on the animated TV shows "Friends Z Space" and "100% Wolf". With a daily progress report and constant contact with the supervisors of both projects to meet the requirements requested by the client in Australia. I collaborated as an advisor with the newly hired ones to support them in their adaptation to the project.

Zebra Studio, Ciudad de México, México - SEPTEMBER 2020 - DECEMBER 2020

I worked 3D animator on the animated Christmas parade "Bolo Fest 2020" for Liverpool.

Technicolor Academy, Montréal, Québec, Canada - SEPTEMBER 2019 - APRIL 2020

I attended the Technicolor Academy animation program and collaborated as a roto-animator in some shots of the movie CATS 2019.

3D Animator and Crowds Animator at Huevocartoon, Querétaro, Querétaro, México - APRIL 2018 - AUGUST 2019

I worked as a 3D character animator on the movies "Un Rescate de Huevitos" (2021) and "Huevitos Congelados" (2022).

EDUCATION

Bachelor's Degree in Animation and Digital Art, Tecnológico de Monterrey, Campus Querétaro, México
